

The next meeting of the HCC is tentatively scheduled for 9/11 @ 7:30 pm - Sweet Library. The conference room was scheduled by another group until 7 pm and it was not available on the evenings of 9/12 or 9/13. Unfortunately, I am not available the evening of 9/11 but I would assume that other members who participated in the SR-1A effort could be available.

Someone will also need to make sure that the residents who provided contact information but not e-mail addresses are contacted. I would suggest that who ever reaches these people request an e-mail address if possible (to minimize future efforts to keep everyone informed). Let me know if you need that contact information.

Let me know if the meeting on 9/11 works for the neighborhood (no date is going to work for everyone) and we'll either send a notice making it official or we'll shoot for a later date.
